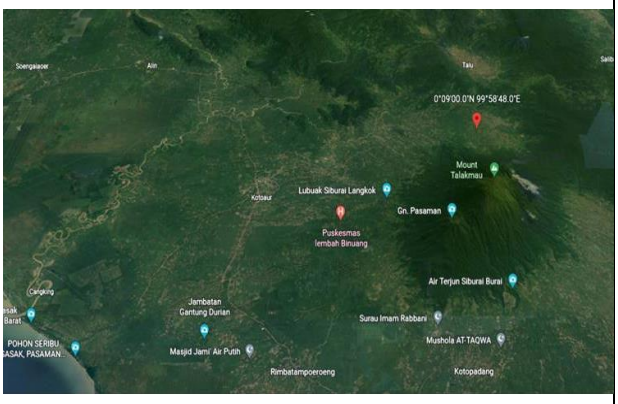
DONATION
FROM THE ALUMNUS OF
THE AREA DEVELOPMENT PROJECT STAFF
AND OTHER DONORS

For the People Adversely Affected by
the Earthquake Hit West Pasaman in February 2022

through BMT ISDA

Earthquake Hit West Pasaman

A. Introduction: A serious earthquake occurred in West Pasaman between Gunung Talamau and Talu. Serious damages were experienced close to our previous station Sukamenanti. Even loss of lives were reported. The office of the Bupati, where we were received almost three years ago, was also damaged. At least 19 people died, 425 were injured, and four others were missing. Severe damage occurred in Tigo Nagari District, Pasaman. Initiated by Pak Speidel, Pak Hiemann, supported by other Alumnus of the Area Development Project (ADP), donation was collected to help the households affected most by the earthquake and had lost their relatives, income, home and property.



B. Collected Donation: Starting from the reserve funds left from the ADP/OPHIR Alumnus visit to West Pasaman in 2019, together with some additional contributions from other donors, the funds were transferred through a local Non-Governmental Organization (NGO), named Baitul Maal Wat Tamwil - Ikhlas Sejahtera Damai (BMT-ISDA). The following table presents the amount, the uses and other information of the collected donation:

No	Name	Amount (IDR, Rupiah)	Remarks
	Source of donation		
1	ADP/Ophir Alumni members	20,262,680	through Dieter Speidel/Wolfram Hiemann
2	Ben Syaiful	1,000,000	personal
3	Martias Y	1,000,000	personal
4	Agustina Musa/Zaran Bukhari	5,828,986	personal
5	Mark Hayton/Birgit Kerstan	5,000,000	personal
6	Emil Gozali	3,000,000	personal
7	Sari Wooster	2,500,000	personal
8	Erita Nurhalim	500,000	personal
9	ADP/Ophir Alumni members	11,932,834	through Dieter Speidel/Wolfram Hiemann
	Total fund collected	51,024,500	
	Expenditures		
	payments for roof materials for housing rehabilitation	45,000,000	provided for 30 households adversely affected by the earthquake
	payment for construction materials	6,024,500	donated for rehabilitation of a small mesjid (mosque) in Timbo Abu
	Total expenditure	51,024,500	
	Balance	-	Zero balance

C. The Uses of Collected Fund: As consulted with the Alumni ADP/OPHIR members and other donors, the collected fund (IDR 51,024,500) was spent only for helping Timboabu, a village that the most adversely affected by the earthquake. The collected fund was donated for the following: (i) IDR 45,000,000 for purchasing roof materials for rehabilitation of 30 houses adversely affected by the earthquake; (ii) IDR 6,024,500 for purchasing construction materials for rehabilitating Al Amanah, a small masjid (mosque) in Timboabu.

D. Monitoring: A former ADP colleague Luc de Meester, and his wife visited West Pasaman to monitor the impact of the earthquake to the people livelihoods. He supported the proposal for the uses of the collected fund just for Timboabu, for the selected households. The following are some documentations from monitoring activities:

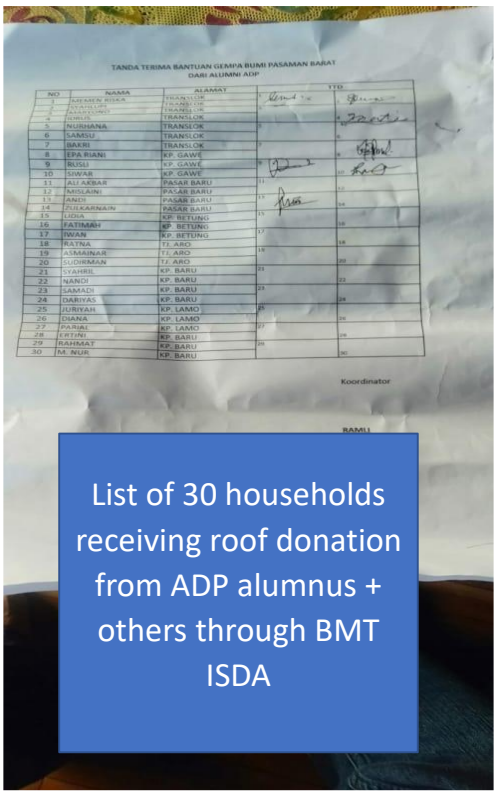
1,117 houses heavily ruined in Timboabu

Supports for temporary shelters



List of 30 households receiving roof donation from ADP alumnus + others through BMT ISDA

E. Donation for a start-up fund to rehabilitate, Al Amanah, a small mosque heavily ruined by the earthquake

F. Fund Transferred to Beneficiaries.

Donation was transferred directly to the vendors/suppliers of construction materials. All collected fund was used to purchase construction materials, as presented in the following receipts. Volunteers helped disburse the materials to the targeted beneficiaries.
